To Whom It May Concern

RE: Letter of Support for WSGM

I am pleased to write this letter to wholeheartedly endorse the Wives Support Group Ministry. There has been a chapter of this ministry operating at Barrabool Hills for over 5 years to great effect.

During my time in ministry leadership, I have personally observed the challenge and struggle many women have when their husbands are not believers. The intent of the WSGM to create support structures around women is a wonderful example of biblical community in action. Encouraging women to love, honour and pray for husbands who are not yet believers is a worthy venture, and we have seen fantastic answers to such prayer and support in our midst. From what I have observed, it has been vital for many women in our congregation to give and receive fellowship with others in similar circumstances.

As a Senior Pastor, I am so grateful that ministries like WSGM exist and operate with such commitment, integrity and compassion. I am glad to have this opportunity to recommend their ministry to you.

Yours sincerely

Ps Graham Clarke
Senior Minister
